THE PROPLES MEAT MARKET .-- C GAYER & Co., PROPRIETORS.-The meat market just opened by Gayer and Co., at the corner of Washington Avenue and Touth street, is just exactly such a ment market as those who know Gaver would expect him to establish when he "spreads himself." Everything is new, freshly painted and wears an air of cleanliness that no one will fail to commend.

Gayer & Co, are among the oldest and most experienced butchers of the country and have learned that it pays best to keep first class monts, and command a first class custom. If citizens would, therefore, securu splendid fresh meats, pork, beef, mutton, veal, lamb or sausage-they can always find them in any quantity desired at the People's mest market. Just tryit. If

Lors or Fun-A young gentleman who formed one of a hunting party that left this City a few days ago, had an "experiance" that is worth detailing. He reached Cache river "all right," but he didnt reach the other side of that stream "all right." While making a crossing he tumbled overboard into three feet of water and four foot of mud-the dirtiest, blackest kind of mud-the mud peculiar to Cache river. As it might weary our readers to read the details of his struggles and "swears" we pass over them. He reached the other bank, and after surveying his plight, and discovering that he had lost a fine gold ring, and filled both barrels of his gun with mud, he made an observation which was understood to mean : G-d d-n it;

If the young man's mishaps had ended here, his philosophy might have borne him up. But they did not. The mud must be got out of his gun. Why not shoot it out? He did shoot it out, but in doing so bursted both barrels of the gun into a hundred fragments! Cyphering up the results of the hunt, he found them discoura-

THE STATE BOARD OF EQUALIZATION -REDUCTIONS FOR ALEXANDER COUNTY. Our member of the State Board of Equalization, although in ill health during the greater portion of the present session, has been doing good service for the First Senatorial district, and especially for Alexander county. We have every reason for believing that the assessments of Alexander county, for the year 1870, will be reduced as follows: on lands 30 per cent. on town and city lots, 50 per cent., on personal property 41 per cent. This reduction, will of course, reduce our State taxes in a corresponding ratio. The value of this will be better understood, when we remark that the taxpayer who would pay \$100 State taxes on city lots, if the assessment had stood as made by the County Assessor, will be called upon to pay only

\$50 under the assessment as equalized. The reduction, it will be borne in mind only affects the State taxes. County taxes will be levied on the full assessment, as returned by the Assessor. There is no special hardship in this, however, as every dollar paid will go into the county treasury and be used in the support of our paupers and criminals, and in the building of new roads and bridges and the repair of old

Mayor Wilson, writing to a citizen o sire, under date of the 18th instant save: "We are now working on the new Revsaue law. I regard that as a highly important thing for us in Southern Illinois, as it is intended to compel a full assessment throughout the State. If that can be effected it will lessen our taxes far more than anything else, as we need never try to keep pace with the North, in the matter of under-assessments."

"It is not probable that the Board will alter the status of Alexander county, which now stands: Lands 30 per cent. deduction; lots 50 per cent., personal property 41 per cent."

THE PARLOR CONCERT at the residence of Mr. Henry L. Halliday, last night, is said to have been an improvement upon the first one. The programme comprised solos, duets, quartette, select readings, etc. of a very choice character, and, although the entertainment was protracted until after 11 o'clock, the audience, which was large and respectable, manifested a decided interest, to the close. The piano used was of the A. Sumner make, and was kindly loaned for the occasion by Mr. D. P. Austin, who is agent for the sale of the instruments in Cairo.

We were not present at the Concert, and were assured that it was as complete a sucs as could have been wished for.

BREVIER TYPE AT TWENTY-FIVE CRETS ER POUND .-- We have three or four hundred pounds of brevier type, only about half worn-the same that was recently used on the BULLETIN, which we will sell, in lots to suit purchasers, at twentyfive cents per pound. We also have two or three hundred pounds of German type, in good order, Cairo, Illinois.

Commercial.

TRUMPAT EVENING,

We have no changes of importance to note in our market during the present week, and for the past three days business has been less active than it was at the date of our last report.

The rain, which fell during the entire day yesterday, caused a general suspension of out-door business as nothing could be delivered. To-day the weather is clear, cool and pleasant, but receipts of the leading articles of produce being light, but little trading was done.

Oats and hav have been in fair demand for shipment, but the sales of flour and all other kinds of produce have been confined to supplying the local demand and filling

The continued apathy of the Southern markets, with their low prices of flour and grain, exerts a depressing influence on these articles here, beside diverting a considerable portion of our regularorder trade

which is now being supplied nearer home We hope that with the approach of cold weather, and the disappearance of yellow fever in the South, a more active demand may spring up, which will be immediately succeeded by a corresponding improvement here. Until then, we do not anticipate any material increase in general

Plour-has been extremely dull since our last report, and the sales are less than for the same time during many months before. The market is well supplied with all but low grades which are rather scarce.

The sales reported comprise 25 bbls superfine..... 50 " city mills X 50 " X X X X family 100 " choice family....... Wheat—is quiet and unchanged. I car fair red sold at \$1 00 on track.

Corn.—We have no receipts or sales to note. The market is entirely bare. New corn in the ear is sold in wagon loads at
